A reminder that colors 3-4 are the 'gold and silver', so unless you want to be stuck with just 2 colors, this one is a recommended buy to spice up your options! Also unlike said silver and gold packs (that are per character) this is for everyone (at least current, this might cover future cast, as it does cover Pullam who does not have a silver/gold option). The best value DLC, adding a bunch of colours for each character. Some are really nice.
